Utah Jazz Launches Media Web Site

SALT LAKE CITY (March 5, 2009) – The Utah Jazz announced today the launch of a Web site designed specifically for media needs.

“The Jazz communications team is pleased to provide this new service to the media,” said vice president of communications Linda Luchetti. “An around the clock resource, we hope this Web site will make it even easier to cover the Jazz.”

The site (<http://pressroom.utahjazz.com>) features easy access to the most current Jazz game day information, audio files from Jazz practices and games, games notes, press releases, league public relations contacts and daily media availability times. Also included are team statistics, the Jazz media guide as well as information on EnergySolutions Arena and Zions Bank Basketball Center.

Coming soon to the site will be player and front office headshots, team logos and final books. The site will be updated daily in an effort to provide the latest information on the team. The site is password protected and restricted to media who cover the Jazz and NBA. Temporary access has been setup, which will expire in five days; media should use the username **jerry** and the password **sloan**. To obtain *permanent* access, please contact Derek Garduño in the Jazz communications department at (801) 325-2316 or dgarduno@utahjazz.com.
